Crazy Love

[Am]

You won't judge me by my hair
By the clothes I'm in or the shoes I wear
You know all of me and you still care

[F C G Am]

I'll keep on clinging to your crazy love

[Am]

Some steps are big and others small
Some days I don't even move at all
And I've hurtled down the waterfall

[F C G Am]

Clinging to your crazy kind of love

[F C G]

You go with me through the fire, ice and snow
Where the others are all shaking you alone dare to go

[Am]

My faith is paper thin
And the cracks are deepening
The water's started pouring in

[F C G Am]

But I'll keep on clinging to your crazy love

[Am]

I'm fragile weak, just holding on
And I'm ticking like an atom bomb
Can't see the way or where I'm from

[F C G Am]

But I'll keep on clinging to your crazy love (crazy love)

[Dm F C G]

You have conquered
You have beaten
Chains of sin burn up
Death's fingers smashed

You Are Risen

[Bm]

No they couldn't keep you down

[D A]

down in that tomb

[Bm]

They couldn't stop your light

[Bm]

bursting from that tomb

[G A Bm]

You are risen you are risen you are alive

[Bm]

No they couldn't hush you up

No they couldn't shut you down

[D A]

Silent in that tomb

[Bm]

No they couldn't smash your love

[D A]

Keep it in that tomb

[G A Bm]

No nails, no thorns, no words can put you down

No lies, no darkness, no grave can keep you down

No judge, no jury, no law can put you down

No cross, no stone, no grave can keep you down

Who Is Like You?

[G D Am C]

Jesus you are my strength for each and every day
Jesus you are the light that fills my heart
You are salvation the door is opened wide, the door is opened wide
Jesus, mighty warrior

[G D Am C]

Who is like you?
You've shattered the enemy, broken sin and death

[Am Bm C D]

You're victory in battle, mighty in power

Rain Pours Down

[Em (F#) G]

Rain pours down flooding everything I've done

[C Em]

My walls are cracked and washed away like sand

Waters rise till I can barely breathe

I'm sinking and I'm far away from land

The wind rips round, tearing everything I've known

All my life turned into smithereens.

I will fall and I will run away from you

In my head I hear a silent scream

[C G D]

You will light the spark again when I'm burning cold

You will set my feet on rock when I'm sinking fast

You will turn the path to you...

[C D]

...when I lose my way

Lightning flash, hotter than the sun

Everything I've done goes up in smoke

Scorched and singed and jumping through the flames

air gets thin and I begin to choke

You will light the spark again when I'm burning cold

You will set my feet on rock when I'm sinking fast

You will turn the path to you when I lose my way

[Em]

Holy! Mighty!

[C D]

You are the lord!

Thirsty Dog

[Em note run: F# G A]

Like a thirsty dog
Panting in the sun
Looking for some water
Looking for someone

[Em note run: F# G A]

Like a thirsty dog
Tongue is hanging down
Looking for some water
In this desert town

Like a thirsty dog scratching in the dust
Looking for some water finding only rust
Like a thirsty hound, throat is dry as sand
Look for new life in a barren land

[C G D]

You bring life, you bring rain, heal the hurt and soothe the pain

[C G D]

If I drink from you I won't be parched again

[Em note run: F# G A]

Like a thirsty dog
But I have a hope (yeah yeah yeah)
With you beside me
I can cope...

[Em]

...with the daily slog
With the daily moan
With the useless things
Keep me far from home

[Em C G D]

Living water, I'll dive right into you

[Em C G D]

Living water, you can't run dry, you won't run dry at all

Buzz Buzz Buzz

[Bm D]

Got no time – buzz buzz buzz
Please hold the line – ring ring ring
So much to do – blah blah blah
No time for you – yeah yeah yeah

[D]

I need to stop

[Em]

Look around

[Bm]

And wake up

[G Em Bm]

You are here
Highest of the high
Perfect wonderful
You are here

[Bm D]

Walk the line - Go! Go! Go!
Always climb - Win! Win! Win!
Got no air...
No time to care - Yeah! Yeah! Yeah!

[Em D Bm]

Turn off the lights
Turn off the television
Plug out the phone to listen to you

You are Light

[Em D]

you are light - brighter than the sun
you are love, bigger than the world

[C D]

you are truth, mighty and strong
in your hands, is where I belong

[Em D C]

And there's nothing I can give you
And there's nothing I can bring
And there's nothing I can give you
Except my heart

[Em D]

You are light blazing in the dark
You are love with no fence or wall

[C D]

You are truth, you strip away the lies
In your hands, that's where I'm alive

[C D]

I hide my light so well

[Em G]

Take ash instead of fire

[C D]

I hide my light so well

[C]

I've done nothing

I've done nothing

[D]

I've done nothing

I've done nothing

[Em D C D]

You've done it all

Roll Away the Stone

[Em Bm]

So lost, so lost, don't know where to go
At a crossroads looking up and down
Compass needle swinging like a crazy man
North, south, east, west, up, down , anywhere

[G F#m....Em Bm]

There's a voice saying, "please don't stop"
There's a voice saying, "don't give up, walking and seeking"

[C D]

Roll away the stone that's lying in my way
Roll away the stone that keeps me from seeing you

Break - **[Bm C D Em]**

[Em Bm]

So lost, so lost, don't know where to turn
Wind howling, sun starts to burn
Corners twisting turning like a serpent's tail
Stabbing points, sharp granite knives and freezing hail

I Fall down

[G C]

You are wonderful all of the time
Filled with light that shines
And you've got the

[D]

time to talk to me

But I'm falling asleep again
Stuck in the mud and the rain
But you're the king,

[D]

you reign over...

[C G D]

I fall down but I'll get up
and come back to you

[C G D]

You call me child
You take my hand, you make me new

[G C]

You amaze me every day
In so many ways
But I can't count the times,

[D]

I've run from you

[G C]

Now I'm tired and confused
My thoughts are all bad news
But you won't let me

[D]

lose my way

[Am C G D]

Even on the darkest days
Your light shines through

Only You

[Am]

Who can pick me from the dirt, heal my pain and heal my hurt?
Who can wash away these sins, stabbing needles, red hot pins?

[F C]

Only you
Only you

[Am]

Who can wash away the dark and leave me clean without a mark?
Who can give me a new hope, not leave me hanging on a rope?

[F C]

Only you

[F C G]

I'm gonna lift your name, above every name

Ashamed

[Am]

I have been ashamed
Of what I've said and done
I have been ashamed
Of what I have become

[F]

You make me new every day
If I ask you **[Am]**

[F]

Your mercies new every day
If I ask you **[Am]**

[Am]

I am not ashamed
Of what you did that day
I am not ashamed
You opened up a way, for everyone

[Am G F G]

You are mighty Lord
You love me as I am

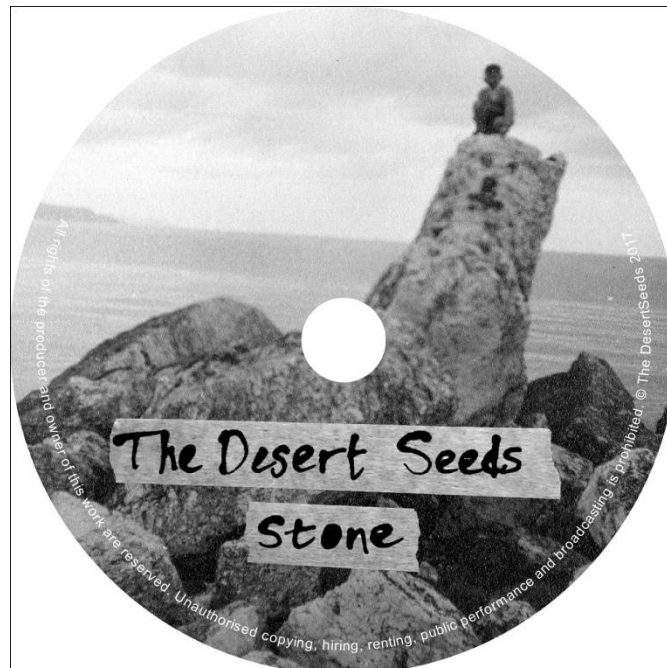

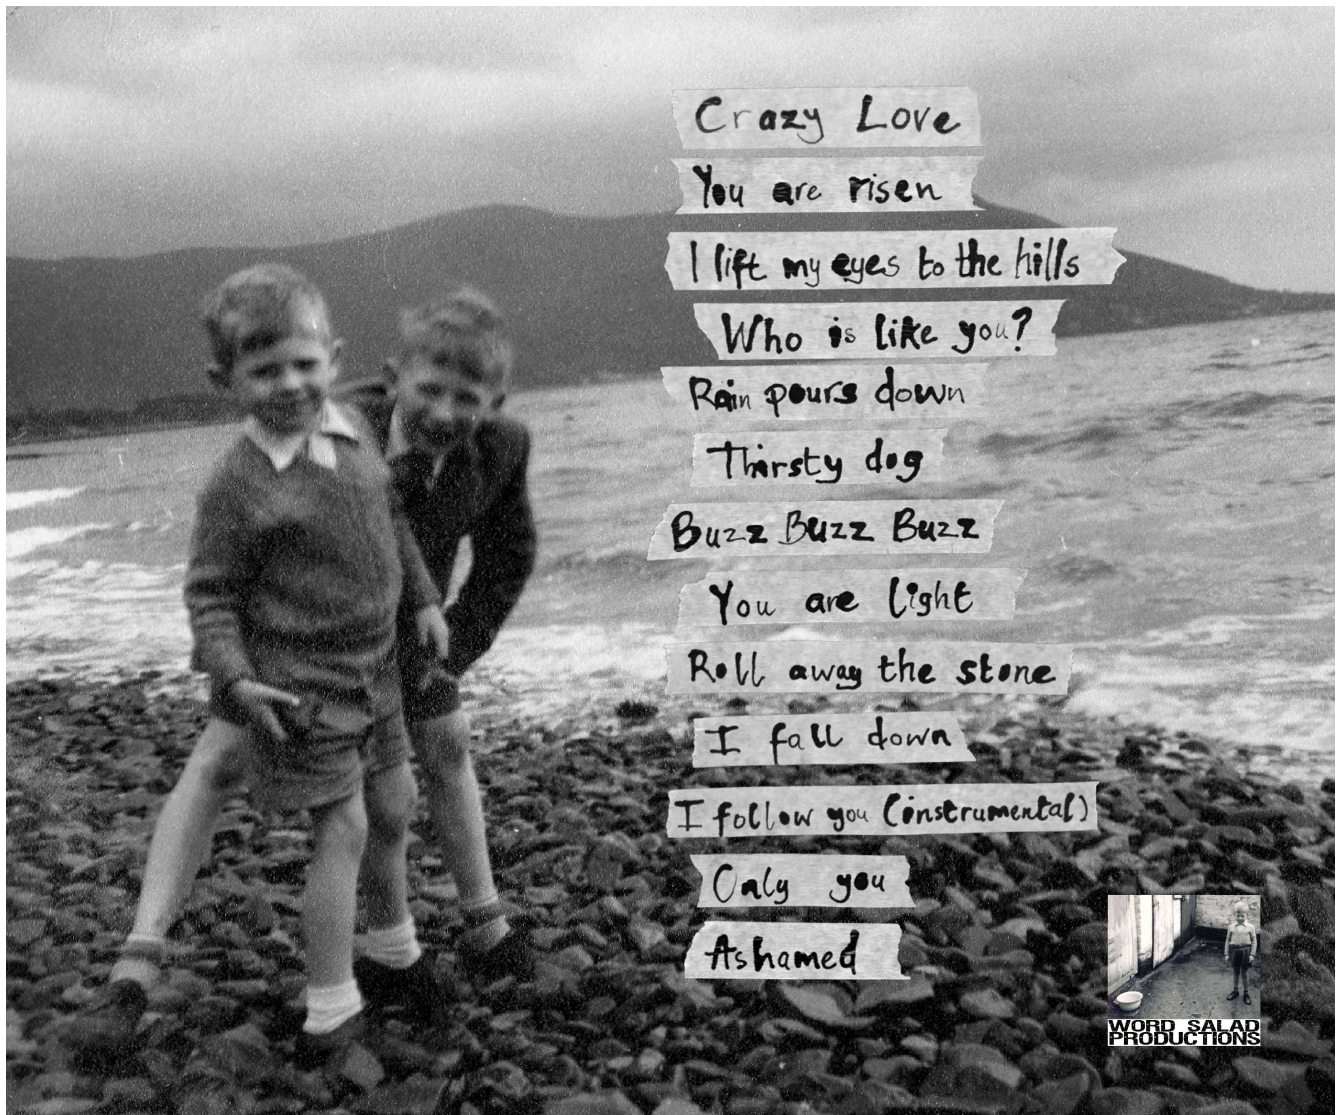

[Am G F G]

I don't deserve a thing

[Am] ---- But you give it all

[Am G F G]

You give it all
